

Marshall County Health Department 2020 Food School Dates

Food Handlers Classes are for those working with foods and food service. The health department requires all food service workers to have a current food handler card, issued by the health department.

This course is required for all Marshall County employees that handle food and/or wash dishes. The purpose of this course is to reduce food borne illness and teach sanitary food practices. The course covers proper food handle practices that are required under the 2013 FDA Food Code. Employees must obtain a valid food service worker card within **thirty (30)** days of hire. A copy of this card must be kept at the place of employment.

PIC (PERSON IN CHARGE) TRAININGS provide information necessary for all designated PIC as well as managers, owners, and operators of restaurants and other facilities in Marshall County. This training will cover the 2013 FDA Food Code. **Food service facilities are required to have a Person in Charge (PIC) at all times the establishment is open.**

Online Food Handler Programs. The Marshall County Health Department has partnered with www.statefoodsafety.com to offer online food service worker classes for purchase. Individuals, whose schedules do not allow them to attend our in-person classes, should do one of these as an alternative. (additional fees apply)
